The Agency did a good job explaining the program to me when registering. (enrolment forms, parent folder, parent handbook, childcare contract)					
I have, or know how to get, the information I need about Little Bear's Policies and Procedures (Available on our website)					
The agency has information available for parents, and connects with them a minimum of once a year. (Newsletter, website, resigning contract yearly, online access to current Parent Handbook, additional emails, phone calls, texts, Facebook etc.)					
I feel comfortable approaching my provider when I have concerns or questions.					
I believe that my Provider keeps me informed about my children's experiences at the day home. (Daily logs, conversations, notes etc.)					
I believe that my child's needs are being met when they are being cared for by my Provider.					
My provider works hard to ensure that my children are engaged in developmentally appropriate learning activities (Play areas, program planning, field trips, play dates, child interactions)
